Price Supports In County Goes to 4½ Millions

The Randall County office of the Production and Marketing Administration has processed a total of \$4,580,433.00 worth of price supports loans on 1949 crops so far this year.

These loans will be available, if needed for price support on 1949 grain, through January of 1950. Most of the grain sorghum crop is yet to be marketed. This crop is one of the best in many years. If it can be saved it is estimated that the total yield for the county will be round one and one-half million bushels. This added to the 4,241,000 bushels of wheat produced this year and the very good yield of all other crops add up to make 1949 a year for which we can be truly thankful.

The price supports this year have been available to all producers on all the grain produced. Under the program set up for 1950, price supports for wheat will be available only to those producers adjusting their wheat production to the allotted acreage.

Farmers in Randall county are accustomed to extremes. Some of the poorest yields have been produced in years when the price was so low that a poor crop was hardly worth harvesting and some of them operated at a loss for as much as five years in a row.

This year a good price is being realized from perhaps the largest total production in the history of the county.

Brother of E. S. Trout Funeral In Childress

Funeral services were conducted Friday, November 4, at the First Baptist Church in Childress for Buster Trout, half-brother of E. S. Trout of this city.

Mr. Trout fell from a tower on which he was working at the Sandia Air Base in Albuquerque, New Mexico, last week, and lived only a few hours after the fall.

He had been living in Albuquerque for the past four years.

Survivors include his wife and three children, Louise, Linda and Buddy; the mother, Mrs. M. E. Trout of Childress; two brothers, E. S. of Canyon and Harry Trout of Childress; four sisters, Mrs. J. O. Collins of Siloam Springs, Ark., Mrs. Virgie Smith of Las Vegas, New Mexico, Mrs. Murray Cook of Reno, Nev., and Mrs. Reba Hall of Amarillo.

Interment was in the Childress cemetery.

Year's Production Milk Test Complete by Hales Holstein

Hales Lulu Hazel, a registered Holstein-Friesian cow owned by H. B. Hales, prominent breeder of Randall county, has completed a 365-day production test of 565 pounds of butterfat and 17,349 pounds of milk made in Herd Improvement Registry.

Testing was supervised by the Agricultural and Mechanical College of Texas in cooperation with The Holstein-Friesian Association of America. "Lulu" was milked twice daily and was 7 years old when she began her test period.

Accident Victim Brought Home

Larry Roush, son of Mrs. E. J. Larson, was brought home last Friday morning from St. Anthony's Hospital where he had been since an automobile accident in which he was involved, October 22. Roush was a passenger in the car driven by Bobby Mickey which rammed into a house in Amarillo on that night. Mickey was uninjured, but Roush has been in St. Anthony's Hospital with a broken right leg and other injuries since the night of the accident.

He is a junior student at West Texas State College.

ATTENDED CELEBRATION

Mr. and Mrs. W. T. Oliver and Mrs. Ethel Mullins attended the Golden Wedding Anniversary celebration of friends of theirs, Mr. and Mrs. G. R. LeBus, in Wichita Falls last Saturday night. The anniversary was celebrated with an elaborate reception at the Wichita Falls Country Club, with the eight sons and daughters as hosts and hostesses.

BANK CLOSED

The First National Bank will be closed all day Friday, November 11 in commemoration of Armistice Day. It will also close Saturday, November 12 at 12 o'clock noon.

Chamber To Hold Annual Dinner at End of January

The annual dinner of the Chamber of Commerce will be held on January 26 according to present plans as announced Monday by the retiring president, Clyde W. Warwick.

President James P. Cornette will speak at this dinner. Dr. Cornette has been heard by many citizens of Canyon since his arrival in Canyon two years ago but this is the first time he has had the opportunity to talk to the Chamber of Commerce.

A special musical program will be introduced.

In this meeting the plaque for the most distinguished citizen of Canyon during 1949 will be presented. T. S. Stevenson, Sr. and O. W. Parker are working out the details for the selection of this person.

Delbert Lowes heads the nomination committee which will recommend directors for the coming year. Those who will retire this year are Clyde Warwick, Herschel Coffee, Elmer Wooten and Newton Crain. Holdover directors are O. W. Parker, Hosea Foster, T. S. Stevenson, Paul Lindsey and Johnnie McBroom.

Special Guest AAUW Conference Starts Thursday

MISS MAY JONES

Members of the American Association of University Women will be coming from neighboring towns to attend the District Conference which begins at 2 o'clock Thursday, November 10, at the Branding Iron Theater on the campus of West Texas State College. Hostess for the meeting will be the Canyon Branch of which Miss Novella Goodman is president. The dinner meeting is to be at 6 o'clock in the college cafeteria.

Dr. Hattie Anderson, Parliamentarian for the Texas Division and chairman of the fellowship committee has made arrangements for the program which promises to be an interesting one.

Special guests will be Miss May Jones, president of the Texas Division, Miss Orrine Woinosk and Miss Marjorie Temple, Legislative Program Associate, Washington, D. C.

Miss Jones, president of the Texas Division, was treasurer for the Texas Division last year, is past president of the Stephenville Branch, and at different times has been chairman of nearly every committee in it.

Miss Jones is associate professor of mathematics in John Tarlton College; she holds the B. A. degree from N. T. S. T. C. and the M. A. degree from the University of Texas.

Miss Marjorie Temple, Legislative Program Associate, Washington, D. C. keeps the branches informed of bills before congress and other current legislative matters of concern to them. She is a specialist in analyzing laws already passed as well as on those under consideration. She has a law degree from the University of Maryland. She is a member of the Maryland Bar and the Women's Bar Association of Baltimore, Maryland. Miss Temple holds the B. S. degree from Arnold College and the A. B. degree from the college of Notre Dame, Maryland. She spent a year in an admiralty law firm in New York before taking up legal work with the U. S. Labor Department.

Named As Trustee Of Wayland College

John L. Hammond of Canyon was reappointed trustee of Wayland College at the general convention of the Baptist Church held in El Paso last week.

Mr. Hammond has been serving on this board of trustees for the past two years.

Wayne Bennett from Floydada visited in the home of his cousin here last weekend, Mrs. A. D. Prater and family.

Mr. and Mrs. Bruce Gressett and Mrs. A. D. Prater attended the funeral of Mr. Everett Trout's brother in Childress on Friday.

Business Will Be Suspended on Armistice Day

Armistice Day will be generally observed in Canyon on Friday of this week. While the day is not observed by the big towns and cities of Texas, Armistice is generally observed in the smaller communities.

There will be no general program held in the community this year.

The annual breakfast of the American Legion will be held at the Legion Hall starting at 7:30 o'clock Friday morning. All service men and members of their families are invited to this breakfast. A large number of the members of the Palo Duro Post will go to Perryton for the football game between Perryton high and the Canyon high school Eagles.

Union Service to Observe Period of Thanksgiving

Thanksgiving is the last holiday in Canyon before Christmas.

A community Thanksgiving service will be held at the Methodist Church on Wednesday evening, Nov. 23, at 7:30. All churches in the community will participate in the services.

Water Rates Are Announced By City Secretary

City Secretary E. T. Cummings asked this week that the city water rates be published for the information of Canyon citizens. Many people do not know the exact water rates, and Cummings believes this will make it easier for the citizens to check their individual water bills.

Residential districts: 1 to 3,000 gallons is \$2.00. The next 3,000 gallons to 20c per thousand gallons. All over 6,000 gallons is 10c per thousand gallons.

Outside the city limits, the rates are figured the same as above, plus 20%.

Commercial district: 1 to 3,000 gallons is \$2.00, and all over 3,000 gallons is 20c per thousand gallons.

Sewer charges are as follows: Dwellings, one family unit, \$1.00. Duplex and apartments, \$1.50. Business houses except grocery stores, \$1.50. Hotels, tourist courts, cafes, grocery stores, hospitals, washracks, courthouses, schools, laundries and boarding houses, \$3.00.

Randall County Has Made Record In Sale of U. S. Bonds

According to the latest report on the sale of government bonds, Randall county has reached a total of \$369,762.50 in the sale of savings bonds.

According to the report Randall leads all of the smaller counties of Northwest Texas in the sale of bonds.

Mrs. Wyatt Hester of the Hester Office Supply Co. in Lubbock, visited Thursday of last week with her nephew and family Mr. and Mrs. A. B. Haynes, Jr., and with Mr. and Mrs. Silas Hart.

C. L. Joyner left Monday night for Dallas where he will attend a dealers meeting for all Chrysler dealers. While in Dallas he will also visit his mother, Mrs. C. C. Beckley.

E. T. Cummings New City Clerk

E. T. Cummings became city clerk of Canyon on November 1st. He recently moved to Canyon from Amarillo. Mr. Cummings has been county auditor of Randall county for several years.

Community Will Join in Music Program Dec. 15

Thursday, November 19, is the first rehearsal of the Canyon Community Chorus for 1949. Come to the Baptist church (main auditorium) at 7:30 on that evening if you like to sing. You'll find good company and music. Everyone is welcome.

In former years the chorus drew from every part of Canyon, from many churches and organizations and occupations. Singers from seven church choirs and four school choruses attended. Artist and accountant, butcher and clerk, druggist and farmer, florist and gas station attendant, grocer and hardwareman, housewife and husband, journalist and lumberman, painter, and publisher, postal service employee and preacher, sailor and student, rancher and teacher (from the first grades through the college) were all represented.

Come and add your occupation to this list! There will be rehearsals every Thursday until the Christmas performance on December 15th.

Voters Rough on Changes in Texas Tuesday

Voters of Randall county went to the polls Tuesday in about 25 percent normal strength and rolled up a majority against all of the 10 proposed constitutional amendments.

Due to the small interest in the election, The News made no effort to secure a complete total of the votes by precincts. This total will be published next week.

According to reports from over the state, it is evident that eight of the ten amendments are defeated, and the other two have only a slight lead. All may be defeated when the final vote is in.

It was indicated that the amendment calling for repeal of the poll tax law was defeated. If this is true, then each and every person under 60 years of age in Randall county who wants to vote in the 1950 election MUST secure a poll tax receipt. This is NOT included in your tax statement, the poll tax is NOT assessed against you, and no effort is made to collect it. YOU must volunteer the payment of the poll tax in order to be armed for a receipt to vote next year.

C. L. Thompson Wins G. E. Award

A beautiful Longine Wittnauer watch was received Thursday, November 3, by Clarence L. Thompson, of Thompson Hardware Co., from the General Electric Company.

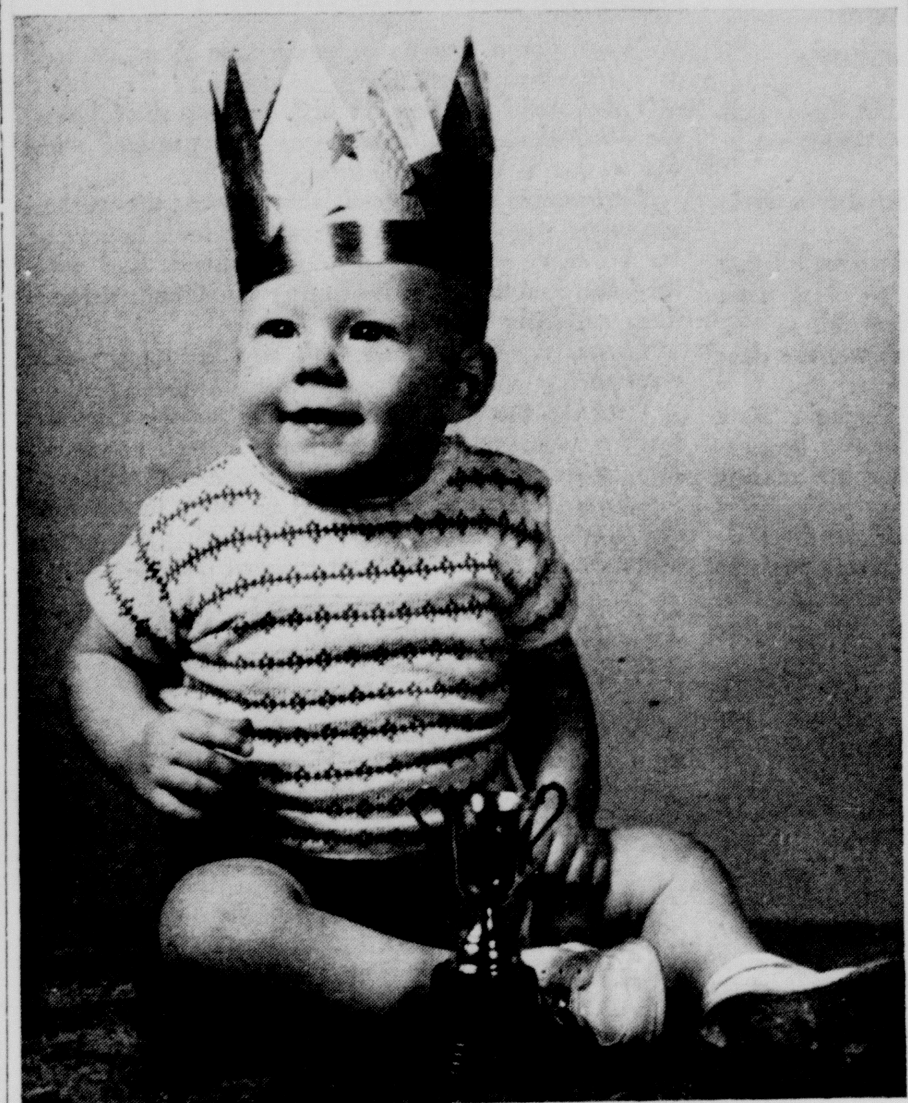

Mr. Thompson was one of the winners in the 5-Star Dealer Contest in selling General Electric dish washers and garbage disposals. There were only three winners in the state of Texas, one in San Antonio, one in Houston, and Thompson here, and one hundred winners in the entire United States. It was a nation-wide contest which lasted approximately six months. The contest ended in July, but Mr. Thompson did not know of his winning until recently when the G. E. officials wrote and inquired as to the engraving he wished on the watch. It is engraved with his name and date won, on the clasp of the watch band. Mr. Thompson said "I really wasn't trying to win the contest, and it was as much a surprise to me as anyone else. I was just lucky, I guess."

Mr. and Mrs. W. C. Myers and son Billy Joe of Lubbock, spent Sunday in the home of Mrs. W. S. Myers.

Billy Joe is in the Navy and is stationed in San Diego, Calif. He was home for a few days visit.

Mr. and Mrs. R. L. Richardson from Tahoka were in Canyon on business Tuesday morning.

Meet the King, Queen and Runners Up in the Baby Contest Held by V. F. W.

Stephen Edward Boyce, King

Miss Linda Kay Metcalf, Queen

Winner in the baby contest sponsored recently by the V.F.W., were Master Stephen Edward Boyce, son of Mr. and Mrs. Royce Boyce, winner of first place and crowned King; little Miss Linda Kay Metcalf, daughter of Mr. and Mrs. Ray Metcalf, winner of first place for the girls, and crowned Queen.

The Prince and Princess title went to Master Donald Mark Olsen, son of Mr. and Mrs. Donald Olson, and Little Miss Velma Lynne Larsen, daughter of Mr. and Mrs. E. J. Larsen.

The baby contest followed the second night presentation of the show "Laff It Off," which featured all local talent. Included in the cast in important roles were Rosy Bates and his Glamourettes, Mr. and Mrs. H. R. Fulton, Jr., Clarence Eugene Thompson, Bud Hickman, Happy McAttee, Jim Cherry and Jerry Williams.

Purpose of the local talent show and the baby contest was the building fund the V.F.W. is raising in order to build their own building in the future. The organization has already purchased the property on which they hope to build their future home.

Chairman in charge of the committee in charge of arrangements was Mrs. Juanita Ziegler. There were 18 babies entered in the contest.

The show and the baby contest netted the V.F.W. approximately \$100.00 to be added to the building fund.

Stork Specials

Mr. and Mrs. Charles Gerald are the parents of a baby girl born on November 1.

A daughter was born on November 5 to Mr. and Mrs. George Venhaus.

It's a boy for Mr. and Mrs. Mack Powell, and the birth date is November 9.

Mr. and Mrs. Ernest Whalen are the proud parents of a boy born on November 8.

A baby girl was born on October 28 to Mr. and Mrs. Tommy Airhart.

Mr. and Mrs. Forrest Gruner are the parents of a son, Robert Forrest, Jr., born November 3 at Northwest Texas Hospital in Amarillo.

Mr. and Mrs. C. L. Patterson from Natchitoches, La., visited last week in the home of her parents, Mr. and Mrs. A. B. Berry. Mrs. Patterson was here almost all week, and Mr. Patterson arrived on Friday. They returned to their home on Sunday.

Fifty Farmers Are Doing Own Soil Conservation

Some people talk a lot about soil conservation and some land owners actually do something about it with very little publicity attending their efforts.

Over fifty farmers in Randall county have built terraces on their farms this year. This is the number of farmers who have built terraces under the conservation program of the Randall County Production and Marketing Administration and does not count those who have done this important conservation work on their farms without the assistance of any Government agency.

Farmers who constructed terraces under the P.M.A. program, during the past four months, have paid for the work out of their own pockets. They will receive assistance from the P.M.A. about one-half of the "cash of pocket cost."

In some cases where extra fills across big washes are necessary the P.M.A. payment is less than one-half the cash cost and in some cases where a land owner does a considerable amount of the work with his own equipment the payment is more than one-half of the cash outlay.

These men are doing this important conservation job because they love the land and want to leave it as good as they found it. This terracing is what is known as diversion terraces designed to protect sloping land against washing and are built on a wide base so that farming operations may be carried out on the terrace without any loss of acreage. They are built with a very slight grade or fall so that flood water is carried off the upper parts of the drainage area, of a field, or from other land farther up the slope without doing damage by washing. Farming operations are then carried on with the contour of the land following these terraces. Thus, when chisel furrows are used, most of the rainfall goes into the soil. The diversion terrace leading off only the flash flood or surplus water which would otherwise run down the slope and do damage by washing. As a general rule only one or two diversion terraces are used on a field.

Among Randall County farmers who have built the big terraces so far this summer and fall are: C. B. Erwin, J. H. Hurn, Frank Begert, John Vorwald, Anton Handing, Verne Durrett, Harley Durrett, T. F. Vance, E. L. Hunter, Tex-O-Kan farms, Louis Henders, R. B. Elliott, H. C. Bryan, G. W. Cox, E. E. Plank, Roy N. Byrd, Sr., Jozach Byrd, Frank Erwin, Kenneth Erwin, Mrs. Elizabeth McCuiston, Garrett Juett, H. R. Fulton, J. P. Upchurch, C. G. Pond, Wilhelm Bauer, H. C. McDonald, C. D. Sears, Arley Barnett, E. L. Caso March Was Here in Campaign Governor Saturday

Caso March of Waco was here Saturday in his campaign for Governor of Texas.

March says that so far as he knows he will be the only opponent of Governor of Texas in the campaign next year.

"I have shaken hands with at least 50,000 voters of Texas during the past few months, and will keep up this campaign of hand-shaking until the election is held," stated Mr. March. "I have been through Canyon a number of times in my campaigns of the past three times as a candidate, but it has usually been at night and I was unable to see the voters."

"I will visit all of the 254 counties of Texas before the 1950 election, and hope to get back to Canyon for a speech early in 1950," concluded March.

Mrs. Hamlin Chosen District Secretary

Mrs. Alfred Hamlin was chosen District Secretary for the District of Amarillo at the District Conference of the Wesleyan Service Guild of the Methodist Church, which was held Sunday afternoon, November 6, from 2 to 3:30 o'clock at the San Jacinto Methodist Church in Amarillo.

A program was presented in the afternoon, and was followed by a tea. Those attending from Canyon were Mrs. Hamlin, Mrs. B. B. Bullard, Mrs. Ruth Hill, Mrs. Gladdis Samples, Mrs. Gladys Haines, and Mrs. W. H. Stroud, president of the local Guild.

Steel Prices Will Be Hiked To Pay Pensions to Workers

If the steel strike is not over by the time this is published, it will be in the final stages of settlement. How is it settled?

Along the same lines which we predicted two weeks ago!

The steel companies gave the unions about all that they demanded; will boost the price of steel more than enough to pay for the benefits demanded, as well as the cost of handling the pension; and we, the dear people will pay the cost of the benefits!

Of course CIO said that the steel companies were making enough money to pay for all the benefits sought. Maybe they are and maybe they are not. It will cost about \$464.50 per man per year to meet all of these demands. On top of this will be the endless paper work which the big companies will be forced to handle—at the expense of the public. The unions are making a strong plea that Government Social Security is not sufficient.

If you think for one minute that the steel companies are going to shoulder this additional cost, you are simply kidding yourself. It simply isn't done that way.

The administration at Washington has reached the point where it will offer to settle any wage dispute in favor of the unions, regardless of the merits of the dispute. We have no idea as to what steel can or cannot afford to pay in the matter of wages and benefits. But we have an idea that the unions are not being badly paid, or are their working conditions worse than other workers. After all, who among us, whether we work for wages, or work for ourselves are thoroughly and completely happy with our working conditions? Wouldn't you like to move to California or Florida or some other climatically perfect country and forget your troubles? We would.

After all, there will be no steel produced until coal is produced.

Dictator John L. Lewis still is the top man in this labor dispute, and don't overlook the fact for one minute that he knows exactly where he stands in the deal.

While the balance of the labor leaders may be getting peanuts for their men, Lewis is demanding and getting oversized melons for his unions.

Yes, and again, all of this is at the expense of the people of America. There is no Santa Claus when it comes to meeting increased demands of Lewis and Murray and the other labor leaders.

City Rivalry Is Healthy Sign

Intercity rivalry is a fine thing for both communities, so long as it is kept on a competitive basis. Fort Worth and Dallas are good examples.

The Dallas News recently came out with a 420 page edition. That set the Fort Worth Star-Telegram on fire. This paper came out with a 480-page edition last Sunday, the largest paper ever printed in the South.

Amos G. Carter, the old school horse of the S-T personally sold 220 full page ads in that edition. What a man; what a man!

Good Names Are Not For Sale

Naturally any college would like to get a fifty million dollar gift. But when it would be forced to "sell" its good name to a bigot, the price would be too high.

The little college even in Mississippi did well in turning down the Fort Worth oilman's offer. Even if the college authorities had accepted, the school would not have gotten this money's worth.

You cannot force folks to believe as you wish them to believe. Sound argument may turn the trick, but not force.

Wonder If Folks Will Vote?

Since this is written and printed long before election day, we shall then see on November 8 just how close to our hearts is the right to vote.

Since it shall not be a too brutal awakening. We do hope that more folks will take advantage of their citizenship than most election judges are today forecasting.

We shall see what we shall see.

No one in Washington will openly approve of deficit spending. Even the President disavows it. But instead of cutting expenses the rule is to make government spending that for reduction of overhead expenses. Doesn't make sense!

A new, rare and mouth disease has been discovered in Mexico. Shucks, we thought the "mouth" part was confined to the loud mouths on this side of the border!

The fall of the Chinese government has been devastating and it cannot be explained on the grounds that the United States did not fight the battles.

Russia is a transitional government, so is the Franco regime in Spain. Two people have little in common with either and not much to choose between them.

Our separation of church and state must seem strange to the people of Czechoslovakia whose government pays the salaries of clergymen and priests.

Never be afraid of what other people say if you are sure that you approve what you have done.

Canyon is a delightful place to live in if you are a delightful person to live by.

We belong to the medium class—too heavy for light work and too light for heavy work.

Educational experts make a mistake when they fit a school to the opinions of their students.

If you want to punish your enemy, see that he catches a bad cold and that it stays with him.

When people put profits above principles, the decline may be slow, but it is nonetheless certain.

Never plan too heavily upon anything happening, especially if the plan involves another person.

Whenever you assume that somebody, or something, cannot be wrong you are wrong.

Rarely does anybody take the trouble to thank anybody for anything.

Why Should Any American Be Member of the Commie Gang?

Why should any union member in America hold to communist doctrine? Labor unions believe in high wages; short hours; the best of laboring conditions; and pensions when the worker is ready to retire.

Communists have banned labor unions; the workers are under state control; work for whatever hours and for whatever wages the dictators demand; and when they are disabled or of no further use—well, a lot of them suddenly disappear.

Certainly no American with any gumption would want such a condition to exist in this nation.

CIO did the wise thing in kicking out the electrical workers union and the other unions which are under communist domination. These birds have no rights as American citizens. They should go back to Moscow and work for "Uncle Joe," "good old Joe," as we heard during the Truman campaign of last year.

Theft Did Not Pay—So Denver Man Finds Out in Old Age

A Denver man stole from the Federal Government in 1924 and left for Europe. They money he stole made him a millionaire, but he was not satisfied. Eighty years old and near death's door he decided to come back and face the music. America was still dear to his heart. He had already paid Uncle Sam \$1.2 million dollars back taxes, and was given a light fine of \$20,000.

Even millionaires find that crime does not pay—at least pay themselves.

Football Is Funny, Funny Game

This football business is funny business. Right how the coaches of losing teams are looking for other jobs, just before they are kicked out. We used to think that all of our troubles were due to coaches. We have long ago found out this is not true.

Football is a highly competitive business. In order to win, the school must put up a lot of money and get a lot of players. The school with the long purse usually turns out the best teams.

Which leads us to the conclusion that on the broad aspect of athletics, we are perhaps getting crazy in this football business.

High Pressure Man Fails Game

Had a fellow—high pressure man—in the other day attempting to sell us on the idea of promoting a Christmas parade in Canyon. Cost? Something like \$5,000 for a half hour's show. While Canyon might profit by such a show, we are of the opinion that the cost would be prohibitive. Big towns may afford such a parade.

We are of the opinion that "Christmas Tree Canyon," well lighted during the entire month of December is a permanent investment. Out in Pasadena they make this lighted drive an annual affair, with people driving hundreds of miles to see the display.

Planes Still Taking Life Toll

About the time we decide it is safe to ride in a car, a terrible accident convinces us that the highways are death traps.

And about the time we are convinced that air travel is the only worthwhile mode of transportation, here comes an accident which takes the lives of half a hundred or more persons.

In a car wreck most of the passengers are badly mangled in the accidents, but in plane accidents the story is over in the matter of seconds.

Those who object to 90 per cent of party might speculate upon what it would be if the farmers were organized into a tight, little union, controlling the sale of food, etc.

Everybody thinks he is careful, but an American dies every fifteen minutes on the highways of the nation.

The hunting season, about to be on in full blast, will see a number of hunters blasted by shots intended for game.

All this talk about what the youngsters are doing is silly, especially to the adults who recall what they did when children.

Competition may be the life of trade but there are a lot of traders that do everything possible to eliminate competition.

Canyon is not your neighbor town; it is your own, and you must do your part in perfecting it as a good place for human beings.

Without posing as an expert on the subject of football we note that the experts often fail to agree upon the probable winners.

You might as well admit that the people of the so-called backward areas are not backward in telling us what they want us to do.

Parking is going to be a problem in Canyon, like everywhere else, maybe the solution is to have some large-sized parking lots.

Let's not work too hard between now and Christmas and we might have strength enough to draw up some resolutions for the New Year.

The first requisite of being a leader in your community is the ability to lead and the willingness to follow.

A little bit of work is often more income than a large task.

Read a good book once in a while even if you doubt that you can understand it.

Nothing speeds up work like the idea of getting through for a chance to take a rest.

The principle of life is to live a balanced existence and we do not refer to bank balance.

The jury system never wins much applause from a defendant who has been convicted.

It might be a good idea for all of us to give serious thought to the problems that concern us.

President Truman didn't really have a concrete tax plan in mind when he implies he would call for higher taxes in 1950. Actually no top advisers to the White House and no tax-writing congressional committees expect that a tax increase will come next year.

Armistice DAY

NOVEMBER 11

Just 31 years ago, the first World War officially ended—on the 11th hour of the 11th day of the 11th month.

The war had cost the world 37,508,686 military casualties, immeasurable human suffering, and billions of dollars; when hostilities ceased, there was deep rejoicing.

When that hour comes we should all preserve a moment of silence in honor of the Armistice and in hope that peace will one day be permanent.

FLATFOOTED STATEMENT

I hereby assert

My confirmed and intense

And quite reprehensible views:

The gal who is sensible

Has too much sense

To choose

To use

"sensible shoes."

In spite of all the squawking the average citizen does about high taxes, the unbalanced budget, etc., most of us agree with Congress that unpreparedness would be a fate worse than debt.

If you don't think Congress has done anything, just take a look at the taxpayers.

ECONOMY SIZE

"You are accused of hitting your companion over the head with a bottle. Have you anything to say in your defense."

"Yes; it was only a half-pint."

For his appointments, as time goes by, Mr. Truman may have to go outside the immediate circle of old pals—naming someone, say, who sat three rows away in the Senate.

The trifling detail that hasn't been worked out in blueprints of the welfare state is who looks out for the taxpayers' welfare.

People seem to be afraid that the A-bomb may be a boom to mankind.

'Gus' Miller Back From Kansas City

William A. (Gus) Miller, head basketball coach and director of athletics at West Texas State, was in Kansas City last week for a meeting of the executive council of the National Association of Intercollegiate Basketball of which he is president.

Because of the death of Mr. E. A. Liston, executive secretary the council met to appoint a man to take the job, temporarily. WT's amiable athletic boss was given the job, with his duties to run until November 27, when the officers will meet again, also in Kansas City, to elect a new man for the job.

DESCRIBED

Every once in a long while the gobbledegook of specialists produces a peculiarly apt phrase. Take, for instance, the way anthropologists describe the marriage habit of many Americans. They call it "serial monogamy."

Omar N. Bradley, General, U. S. A., chairman: "Military men must be realists."

RANDALL COUNTY H. D. COUNCIL HELD MEETING

Randall County Home Demonstration council held its last meeting of this year in the old library room Saturday, November 5, with Mrs. W. C. Angel, chairman, presiding. Twenty-seven members and officers were present.

Representatives of thirteen clubs gave their monthly and annual reports. Achievements for the year include gloves, articles of satin, aluminum trays, leather work and cake decorating; rose bushes set out and bulbs planted; boxes sent to overseas families; contributions to polio, cancer and Red Cross funds; library landscaping; and thousands of pounds of meat and vegetables and fruits frozen. Plans for the future include the Thanksgiving dinners and Christmas parties.

Mrs. Ray Metcalf, recreation chairman, announced that the Christmas party will be held Wednesday, December 7 at 2:45 o'clock in the council room. Every woman will bring a toy; these toys will be exchanged and then contributed to the gift shop held at the Veterans' Hospital in Amarillo. Mrs. Metcalf and Miss Patterson stressed that this party is for all Home Demonstration Club women in the county. A good program has been planned, and women who have never attended this annual party are especially urged to be present.

Officers for the following year are Mrs. W. C. Angel, chairman; Mrs. A. B. Haynes, Jr., vice-chairman; and Mrs. A. E. Wise, secretary-treasurer.

Miss Lou Ella Patterson, Demonstration Agent, spoke of several training schools she has attended recently and mentioned her plans to give special emphasis to pruning and bug control in the landscape demonstration next year. The last of this month, Miss Patterson will fly to Chicago, Ill., where she will be given recognition as one of the four outstanding Home Demonstration Agents in Texas.

Council adjourned to meet again the first Saturday in January.

MRS FARLOW HOSTESS TO LEGION AUXILIARY

The members of the American Legion Auxiliary met at the home of Mrs. Allan Farlow on Monday November 7, at 7:30 in the evening. The group discussed plans for the Christmas party, and the selling of poppies for Armistice Day.

Following the business meeting, cookies and spiced tea were served to Mrs. Ted Reid, Mrs. H. C. Hutchinson, Mrs. Guy Harp, Mrs. DuBois Walker, Mrs. Paul Rogers, Mrs. Gladdis Samples, Mrs. Elwood Shero, Mrs. Johnnie McBroom, a new member, Mrs. W. L. Rice, and the hostess, Mrs. Farlow.

CARD OF THANKS

It is you, our friends, neighbors and loved ones, that have made our grief and sorrow lighter, by your kind expressions of sympathy, the beautiful floral tribute, and the bountiful lunch served.

Especially do we thank Rev. Hubert Thomson for his service and Griggs-Warren Funeral Directors for their splendid service and kindness.

God's blessings on each and all.
—The Butler Family.

Hunters Return With Big Stories

Eight hunters returned last week with three elk, three deer, and a lot of stories to tell. Those who made the trip and return from Durango, Colo., were M. B. "Farmer" Brown, John Jennings, Cecil Briggs, Clay Cooper, Worth Jennings, Jr., J. B. Black, Les Key and R. T. McDaniel.

The group packed up from Silverton, Colo., on head waters of the Rio Grande. The guides had seven head of horses and mules. They were there three days, and got out just in time. The day after the hunting party left, a big snow came which would have made it impossible to get out. However, while they were there one of the guides shot a bull elk and wounded him. He gave chase on horseback, lost his gun, but roped the elk by the hind leg. The horse held the rope tight while the man cut the elk's throat.

After returning from the pack trip they went to Wray, near Montrose, Colo., to hunt deer. And that's where they got the three elk and three deer they brought home.

Mr. and Mrs. Clarence Eugene Thompson returned last Wednesday from Dallas and Austin where they went on a business trip. While in Austin they attended the football game and visited Mr. and Mrs. T. H. Thompson who are attending school at the University.

Major fire loss in 1948 was caused by careless smokers.

Recreation Subject Of Rotary Program At Tuesday Lunch

Jack Hans of Amarillo discussed recreation at the Rotary Club luncheon Tuesday. He was introduced by Lee Johnson, who was in charge of the program.

Mr. Hans told of his work in a small Rotary Club in Alabama where an intensive program was put on for the benefit of the boys and girls of the community.

Five years ago there was no organized program in Amarillo. Three years ago the Junior League sponsored the summer program. The cost was about \$10,000, but at that time the city put the program in the budget, giving \$3,000, while \$8,000 was raised by the Junior League. The budget for the coming year is \$26,295.

Ten play grounds are being conducted in Amarillo, together with 2,550 boys in Kids, Inc., and a large number of girls in organized

games. 500 leaders were trained under the Park and Recreation Commission of which Mr. Hans is the chairman. In addition to the play grounds, the commission operates Thompson Pool, the public library with two branches, and another branch to be opened in the Negro section.

Mr. Hans urged Canyon people to take advantage of the leaders who are being trained in the college. "If you do not utilize their services, I shall put them in our program for the coming summer."

The facilities of his department was offered to any community which wishes to start the program.

President Jack Haley stated that several meetings had been held in Canyon by persons interested in organized recreation, and that another meeting of representatives of all organizations would be held soon.

J. B. Wade, Jr., and Jesse C. Cooper of Dumas were present to present a scroll and check for \$60 to Edwin Davidson for his outstanding work in 4-H Club of this district. Lon Watson of Amarillo presented the scroll for the Southwestern Public Service Company, donor of the

check. Young Davidson stated that he chose West Texas State because it was closer to home and was recognized as one of the best colleges in Texas.

Other visitors were H. E. Shahan, Clark Jarnagin, Cliff Milner, of Canyon; Fred Wenzler of Lamont, Kansas, Casa March of Waco; John E. Hill, Roy Pool, J. O. McGuire, Frank Storm, Jr., J. S. Triplett, Joe Morris, Cecil Hunter, all of Amarillo.

City Service Is Leased By Harry E. Ford

Harry E. Ford of Delta, Colorado, last week bought out Hank Decker at the City Service Station and took over operation of the station. The business is leased from Lonnie Byars.

The name of the station will remain the same, City Service Station, and as long as business justifies it, Mr. Ford will keep the same employees that were working for Mr. Decker at the time he sold out. Those employed at City Service now are Neal Thurmon, Sanford Ruthardt, and Blake Zachery.

Mr. Ford has a wife and two daughters, Ann and Janice. His family will join him in Canyon as soon as housing is available, where they plan to make their permanent home.

ATTEND LAST RITES

Mrs. Lorraine Roberts, Mrs. E. C. Penick, Mrs. Marsene Ford of Amarillo and L. B. Penick of Tulsa, all returned Saturday night from Jefferson Barracks, Mo., where they attended the final burial rites for Lt. Lucius G. Penick who was killed overseas in 1942. Lt. Penick was buried at Jefferson Barracks National Cemetery in Missouri.

Olden Montgomery Funeral Set For Wednesday 2:30

Olden Walter Montgomery, 71, died Monday afternoon at his home in Happy where he had lived since 1890.

The funeral is scheduled for 2:30 p.m. at the Methodist Church conducted by Rev. E. C. Rainey of Lubbock. Interment will be in Dreamland Cemetery in charge of the Griggs-Warren Funeral Home.

Survivors are the wife, one son, Flake and one daughter, Mrs. Tony Burrus of Silverton.

Two sisters live in California, Mrs. Sadie Pearce and Mrs. Alma Dillingham.

The Masonic Lodge will have charge at the grave.

Mrs. Harvey Cash returned last Thursday from a two week visit on the Circle S Ranch near Hamilton, with Miss Elizabeth Stiles who owns the ranch. Miss Stiles and Mrs. Cash are cousins. While at the ranch, Mrs. Cash met relatives from Austin and New York. They were all first cousins of Mrs. Cash.

A. D. Prater, who is employed by the Plains Plumbing Company has returned home after spending four months in Portales, New Mexico on a job.

Mr. and Mrs. J. W. Hodges and sons, Bobbie and Jimmie, of Tulsa, visited here Sunday in the home of Mr. and Mrs. R. A. Hodges.

Mr. and Mrs. Archie Crowley of Norborne, Missouri, are here visiting his brother and sister, J. M. Crowley and Mrs. Milton Dooley.

A. L. Herst of Olton and uncle of Mrs. W. T. Davis, is staying at the Davis home while recuperating from an operation.

Mrs. J. D. Price of Plainview spent Tuesday and Wednesday with her mother, Mrs. W. S. Myers.

Mrs. J. D. Pearson of Dallas is here spending a few days with Mrs. E. Bolton.

News In Canyon 25 Years Ago

(Taken from the files of the
Randall County News of
November 6, 1924.)

All machinery in the cotton gin was destroyed in a costly fire. Announcement was made by the owners that the gin would be rebuilt and ready for operation within two weeks.

Mrs. Miriam A. Ferguson was elected governor of Texas; Coolidge and Dawes were elected President and Vice President on the Republican ticket.

Fourteen blocks of whiteway street lighting was announced by the new owners of the power plant, starting at the new depot.

Col. Charles Goodnight has offered his herd of 216 buffalo to the State of Texas, if an adequate appropriation can be secured for the buffalo and land.

Publication of the Happy Herald was started in the News plant, S. J. Redman is editor of the Herald.

P. J. Neff of Happy reports that thousands of ducks are dead on lakes in the south part of Randall county. No cause for their death is known.

J. D. Gamble, Jr., was named business manager of the proposed high school annual for this year. J. J. Walker celebrated his first anniversary in the drug business in Canyon.

Two Art Exhibits Are Now on Display at West Texas State

Two art exhibits sponsored by Alpha Rho Tau, art fraternity at West Texas State, are now being shown on the campus. One exhibit is being displayed in the main hall of the Administration Building and the other is a one-man exhibit showing in the Panhandle-Plains Historical Museum.

Oil, water color, and black prints are on show at the Administration building and are the works of Bill Meadows, Amarillo senior; Bill Lockhart, Quannah senior; Frances Cooper, Crowell senior and Jerry Preese, Vernon sophomore.

In the Museum are paintings by Maurice Bernson, an ex-student now living at Canadian.

A display of art work done by three art instructors of the college is soon to be put on display. The work was done by Miss Isabell Robinson, A. G. Kieselbach and Emilio Cabellero.

It was magnificent. The Navy is on the job—Secretary of Defense Louis A. Johnson, watching maneuvers aboard the carrier Franklin Delano Roosevelt, only five months after he had issued an order halting construction on the super-carrier United States.

I'm sorry I let you in here. I'm not interesting to anybody and I don't want to be. I'm not an important man—Henry M. Blackmer, 80, en route to Denver, after 25 years in Europe, to face tax evasion charges.

The 12 top executives of a single private corporation . . . are paid more than the aggregate salary now paid to all the 250 or so Federal officials to whom this bill applies—President Truman, urging pay raise for top U.S. executives.

For my sins, and they are many, I ask forgiveness, and I humbly recommend my soul to the god of music, in whose realm I have labored and found my reward ever since I can remember—The late Dr. Hans Kindler, Washington National Symphony Orchestra director, in last will.

The boys should stay home hereafter and take care of themselves.—Albert Woolson, 102, one of the six surviving G.A.R. veterans.

Arctic Norway fears pact may cause trouble with Russia.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Speech Festival to Be Held at W. T. Early in December

Crannell Tolliver, head of the Speech Department at West Texas State, announced this week that the annual Speech Festival and Conference will be held on the campus Saturday, December 3.

Serving an area of 40 counties plus regions of Oklahoma and New Mexico, the meeting will feature work by high school students in declamation, dramatic reading, extemporaneous speaking, radio speaking and other aspects of speech work.

Important conferences for teachers of speech will be conducted at the meeting.

TOP SALESMAN
Home-oil-burner distributors appear to be loud in their acclaim of their top salesman—a man not on their payroll—John L. Lewis.

Air Force achieves full independence as separate service.

Top Cornetist To Appear Here

Leonard B. Smith, recognized as "America's premier cornet soloist," will appear as an added feature of the West Texas Band here December 14. M. J. Newman, band director, announced today.

Mr. Smith will also conduct a clinic for interested high school musicians of the Panhandle on the afternoon preceding the concert.

Two other performances are scheduled for the Buffalo Band. The first will be an assembly program, November 17, at Amarillo College, with a concert to be heard at WT, December 8.

Frederick Clark, director, Regional Plan Association: "Increasing mobility of persons and goods has tended to disperse residential, manufacturing and trade activities into the environs of metropolitan cities."

Baby-sitters appear to be the only segment of labor more interested in take-home pay than pensions.

Only Two States Not Represented

The Panhandle-Plains Museum needs visitors from Vermont and Delaware as those are the only two states in the Union that have not been represented at the museum this year. Total attendance so far this year is 53,912. Last year's attendance was 50,628. In the last ten months 614 towns in Texas have been represented and 209 out of the 254 counties in the states.

The collection of Maurice Bernson, Canadian artist, is now on display at the museum. Mr. Bernson has attended WT and his display of paintings is being sponsored by Alpha Rho Tau, WT's art club.

Beginning on Thursday, November 10th, the collection of A. W. Mack who has studied in Scotland, England, Belgium, and France will be on display. Many of Mr. Mack's paintings are typical of this area. His works will be sponsored by the American Association of University Women.

In the new addition of the museum, the acoustical tile ceiling is finished and the terrazo floor will be laid soon and should be finished before Christmas.

Owen J. Roberts former Associate Justice, U. S. Supreme Court: "The way to stop World War III is for the peace-loving nations to join forces, so that no aggressor will dare touch us."

Herbert Hoover, former President: "The surrender to the state of all services to the needy is the surrender of moral and spiritual responsibility to the state."

George Allan, U. S. Assistant Secretary of State for Public Affairs: "The number of listeners in the Soviet Union (to the Voice of America) has fallen off considerably."

Boyd Orr, British nutritional expert: "The only important thing in the world today is to get nations to co-operate."

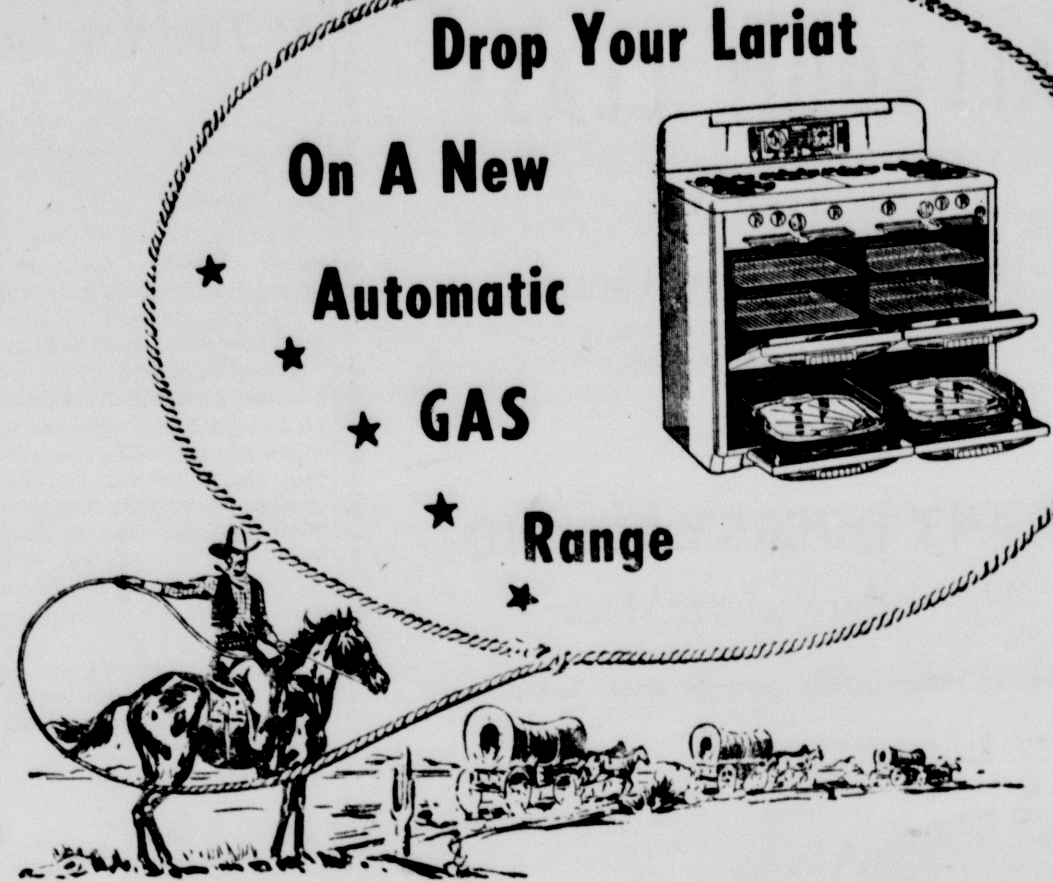

We taxpayers wouldn't object to free transportation for certain Government officials if they'd go where we wish they would.

Thomas E. Dewey, Governor of New York: "We have made enormous sacrifices in the cause of peace."

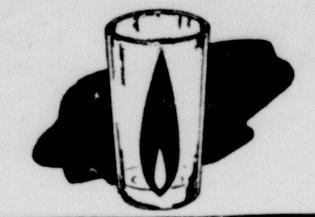

Amir Sjarafuddin, Indonesian leader, speaking to the Dutch: "You've governed us well, but you governed us."

A scholar knows nothing of boredom.—Jean Paul Richter.

U. S. Fund is urged to "subvert" Iron Curtain nations.

One day in July about 2,000 years ago, a vinegaroon bit an Indian who lived in a cave near El Paso and the bite was fatal. This is the story told by a picture in white about 36 inches long painted on the cave wall. The picture shows the insect, an ear of corn and an arrowhead. The ear of corn means the event took place when the corn was ripe, which would be probably July. The arrow is the symbol of death among the Indians.

Within a radius of 120 miles of El Paso, many thousands of Indian pictures have been found. Hundreds

of them photographed and have been carefully studied by my friend, Col. M. L. Crimmins, retired, who now lives in San Antonio and who was stationed in El Paso.

An interesting group of Indian pictures is found at the Hueco Tanks, 30 miles northeast of El Paso. For thousands of years these tanks were the watering place for Indians. Archaeologists declare the area has been inhabited for 2,000 years or longer. Some of the designs resemble Egyptian gods. Other designs show ancient Mexican gods. The Navajos are said to have been the only Indians who used green paint and some of the pictures are in that color. The Pre-Pueblos lived in the territory a thousand years or more ago; then the Pueblos and then the Apaches, until about a century ago.

To make the paint, a stone the size of a golf ball, with a dent in each side for holding, was used to grind the paint ore in a mortar, then liquid was added. Sometimes the artist chipped an outline in the stone with a sharp rock, then painted within the lines. The colors are white, black, red, yellow, brown and green.

Pictures have been found of men on horseback. These are comparatively recent as Coronado and his men were the first to bring horses into Texas, 400 years ago.

There is something that has been on my conscience for a long, long time. Maybe I will feel better if I confess it.

I was only a boy and was visiting the Overton Park zoo in Memphis, Tenn. There was a big, old owl in a screened-in cage on a perch. He was all by himself. As I walked up he looked unblinkingly at me with one eye, (the other eye was closed).

As I started around the cage he kept that eye on me, not moving his body but slowly moving his

head. I walked clear around the cage and he kept turning his head so that his gaze could keep up with me. I kept on going around and he kept in the same position on the perch, not moving his feet, but turning his head.

I walked clear around that cage and his eyes followed me all the way, his head turning on his neck like a swivel chair. I kept walking around and around the cage until at last that owl's head fell off—he had wrung his own neck.

I hurried away. Next morning, there was a writeup in the paper and there was great mystery as to the owl's death. After all these years, here is the solution: I am responsible.

John Snyder, Treasury Secretary, is at odds with Dean Acheson, State Secretary, over how far U. S. should go in helping Britain to solve her oil problems. Mr. Snyder turned down a compromised plan, because it did not offer Britain enough relief from dollar outlays for petroleum purchases.

We are the first people who ever led the world who said we're going to make it better, that we're going to live off it.—Rep. Jacob K. Javits (R.-N.Y.) defending President Truman's Point IV program before the House Foreign Affairs Committee.

I have spent my life laboriously doing nothing.—Hugo Crotius.

Education Week Observed During Present Week

This week is Education Week, November 6-12, 1949. The general theme is: Making Democracy Work. Observance of this event over shadows all other happenings in Canyon schools.

The Randall County Unit of Texas State Teachers Association recognizes that the improvement of the schools is an obligation of all citizens. Where parents and other lay-

men are actively interested and helpful, the schools flourish; where there is public indifference, the schools decline both in vision and performance. There is no magic formula for the building of good schools and good communities. By thinking, working, planning, and actively cooperating, democracy can be made to work.

The Unit is assisting in all observances of the week. Members are also placing posters over the town to attract the attention of school patrons who will take cognizance of his responsibility to cooperate in all educational work, not only for the week, but for the entire year.

Dr. Ruth Lewis, president of the unit, urges all parents to visit the schools this week and acquaint themselves with the educational needs of his child.

Dr. Cornette Will Make P.-T.A. Talk

Dr. James P. Cornette will be the speaker Thursday night at a dinner held by the Alice Landegren School of South Amarillo, held in the First Presbyterian Church of Amarillo.

Dr. Cornette accompanied Mrs. Cornette to Hereford last week, where Mrs. Cornette was the speaker at the P-T-A meeting.

Mr. and Mrs. Leo Thompson spent last weekend in Memphis visiting his parents. Mr. and Mrs. Glen Thompson.

Mr. and Mrs. E. A. Brown, Dorothy Jean and Aralon, visited relatives in Ackerly last weekend.

Amarillo Sought To Take Canyon-Claud Panhandle Census

According to the Sunday edition of the Amarillo News, the census bureau has refused a petition from Amarillo to include Canyon, Claude, and Panhandle in the Amarillo census to be taken in 1950.

Nothing was known in Canyon prior to Sunday about the proposed inclusion of this vast territory in the Amarillo census.

It is reported that the census bureau will not allow Amarillo to include any of the territory in Randall county which is outside of its present corporate limits. That part of Amarillo which is in Randall county will receive a separate count, according to announced plans.

YOUNG METHODIST CHOIR

The Young People's Choir of the First Methodist Church is planning a program for Christmas. Well-known Sharp, director, invites all members to attend the full rehearsal on Tuesday evening, November 15, at 7 o'clock. Plans are now to take the choir on a trip during or just after the Christmas holidays.

Mrs. Carl Hair accompanied by Mr. and Mrs. S. M. Mahle, Toby and Mary Evelyn, left Tuesday for Bryan where they will visit Claude Mahle, Mrs. Hair's brother, and Mrs. Walter Rice, her sister. Mrs. Bill Martin went with them to Austin where she will visit her daughter.

W. H. Harden and J. L. Payton attended the Baptist Brotherhood banquet at Wayland Monday evening. The program was given by students and faculty of Wayland College, and was in charge of J. L. Harden from Wayland.

Mrs. C. O. Cooper and Mary Lee Cooper of Amarillo, were in Port Worth last Saturday to attend the wedding of their niece and cousin, Miss Evelyn Ann Beatty. They returned to Canyon Sunday evening.

Mr. and Mrs. David Brown of Amarillo were Sunday guests in the home of Mr. and Mrs. W. E. Parker.

In Canyon on business last week were T. B. Scott and W. H. Lane both of Port Worth.

Winston Johnson from Amarillo visited in the home of Mr. and Mrs. E. E. Johnson last weekend.

Dr. E. J. Cundiff flew to DeSoto, Mo., Tuesday to be with his father who is seriously ill.

Mrs. Alice Cook of Amarillo spent last Saturday in Canyon visiting in the home of Mrs. W. S. Myers.

Monopoly of Mine Labor Is Lewis Objective

Last year, when the contract between the United Mine Workers and the soft coal mine operators was signed, John L. Lewis declared that it was the best labor contract ever negotiated. He was completely correct—no comparable labor force on earth is so well paid, or has so many other valuable benefits.

That is the identical contract that the operators wish to renew—if the union chiefs will give assurance that the miners will be allowed to work every day on which business is available.

What then has caused the present bitter and destructive controversy?

The answer is that the mine owners are not willing to give Mr. Lewis the powers of management, or to let him decide when coal may or may not be produced regardless of public demand or the economics of the industry, or to let him further cement and extend his one-man monopoly power over an industry which is essential to the internal and external security and welfare of the United States.

A spokesman for the Operators' Negotiating Committee has said, "In his mad race for power, John L. Lewis is impoverishing our employees and is willing to destroy the coal industry." Those are hard words—but how else can Mr. Lewis' policies and actions be described? The country needs the coal. The high-paid jobs are waiting for the miners. But no industry can accept a ruthless labor monopoly that attempts to dictate every decision.

The State Department was the unwitting cause of the latest rumor that the United States planned to devalue the dollar. The Department made anonymous inquiries about purchasing 145 million dollars worth of Swiss francs, which gave rise to worldwide rumors that banks were hedging against a coming devaluation of the dollar. State Department wanted the francs to settle a Swiss war-damage claim.

Democrats in Oregon are paying close attention to Republicans who hope to defeat Senator Wayne Morse in next year's party primaries. They believe that Senator Morse is the only Republican in the State who can get the labor vote. So Democrats, who want to get the labor vote for themselves, hope the State Republican organization will remove him as a candidate.

DR. WALTER H. JUNIPER
... Latin, and the Roaring 20's

Last Sunday afternoon, the roaring 20's in musical form
were brought back to many people when they heard Dr. Walter
H. Juniper's first program of a 30 week series—"Jukebox of
Yesterday."

The opening program "A Hello to Yesterday" featured
news highlights from the fall of 1920, the year when Harding
was elected President, and when Pat M. Neff was governor of
Texas.

Dean Juniper is presented by KJNC, and the "Jukebox of
Yesterday" will be aired every Sunday afternoon at 3 o'clock
for 30 weeks.

Before coming to West Texas State from Baylor University
in Waco, Dean Juniper founded out two years of Jukebox Yester-
day shows in Waco, where the program was wide popular
acclaim.

Advisor Blasts The President's Deficit Spending

All of the criticism of President
Truman's policies does not come from
the normal opposition. Much of it
has taken place within his own ad-
ministration. The most striking ex-
ample was the recent resignation of
Dr. Brown Nourse, who was the
President's chief economic advisor
for three years, following a three
speech in which he strongly criti-
cized the administration's economic
policies.

"I am not happy," Dr. Nourse
said, "when I see the Government
slipping back into deficits as a way
of life." He urged that the govern-
ment put its fiscal house in order,
and then said: "If we are to main-
tain the march of economic progress,
we must—individually and as groups,
in private business and in politics—
display industry, prudence and self-
discipline, recognize that we can't
get more out of the economic system
than we put in. Minus taxes and
fiscal tricks have no power of magic."

but are a slippery road to misery."
In the course of his address, Dr.
Nourse also criticized the three-day
week in the coal mines ordered by
John L. Lewis, the effort of the
steel workers to reduce the working
day, and the pricing policies of some
industries.

This would not be particularly
newsworthy if Dr. Nourse were a
conservative business economist. But
he has always been regarded as a
man of liberal views, and he has
favored many New Deal and Fair
Deal theories. The point seems to
be that he, in company with many
others, has become convinced that
Mr. Truman's policies, and the en-
ormous cost they would involve,
endanger our financial security as
a nation. It is obvious to anyone
that if the government must operate
at a deficit basis in good times,
when the national income is very
high and tax revenues reflect this
condition, the situation would be-
come critical if business slackened
and the economic machine slowed
down.

This problem is underlined by the
current labor situation. Secretary of
Commerce Sawyer is the authority
for the statement that if the steel
strike continues until December,
\$3,000,000,000 more will be out of work.
The grim effect of that on the
economy is easily imagined. Men
who are not working cannot buy

Advertising Vital Force in Getting- Holding Trade

An expert on retail trade has said,
"This year stores are planning as
much and in many cases actually
more advertising in both dollars and
in percentage of business than last
year. We will see the largest retail
advertising dollar expenditure in
history. . . . Newspapers, radio, direct
mail and the other tools will share
in this selling drive."

Here is additional evidence that
competition really is intense today.
Store advertising has several related
purposes. First of all, it is designed
to interest people in goods and to
keep buying at a high level. It is
also designed to create new custom-
ers, and to keep the old customers
coming back. It is the usual link
between those who have something
to sell and those who want to buy.

Every now and then someone
argues that advertising and other
types of promotion are wasteful, and
amount to an unnecessary charge
against the consumer who buys the
wares. This is about as shortsighted
as any viewpoint could be. The fact
is that advertising has been a potent
force in holding prices down. It
helps make possible mass production
and mass distribution—and without
them prices would really be out of
sight. Furthermore, it keeps the
competitive spirit at a high pitch.
No merchant will last long charging
out-of-line prices. His customers
will read the ads of competitive
stores and take their trade to them.
Advertising is one of the great con-
structive forces within the economy.

WHAT?

Let the Soviets be warned that
American ingenuity did not end
with the atomic bomb. What, may
we ask, is Moscow's reply to our
newly patented "bouncing bomb"?

Pain pays the income of each pres-
ident thing—Shakespeare.

Merchandise, landlords and others
cannot buy. The cycle thus started
spreads until every enterprise and
every section of the country is af-
fected. Wages and earnings drop—
and so do the government's revenues.
And even when a great strike
ends, it takes a long, long time to
make up for the lost ground.

In any event, Mr. Truman un-
doubtedly faces stormy days ahead.
He has shown no disposition to give
ground on any policy. But the oppo-
sition to his economic policy is grow-
ing.

Nineteen WTexans On Who's Who Roll

Nineteen West Texas State students were presented in assembly yesterday as representatives of this college in Who's Who in American Colleges and Universities.

The students, all chosen for outstanding work for the school, both in organizations, departments and student activities, are all juniors or seniors.

Chosen by the Student Honors Committee from a master list of some 75 names, these 19 will represent this college in the national publication, Who's Who in American Colleges and Universities, to be published later in the school year.

Those chosen by the committee for the honor this year were:

Herschel Allen, Plainview senior, who is a sociology major. Herschel has been active in band work, Alpha Sigma Xi Fraternity and Alpha Chi. Vic Bates, Childress senior, is a physical education major. He has been active throughout his school career as member of the Buffalo football team and T-Club.

Jim Caldwell, Miami senior, is a speech major and president of the senior class. He has been active in dramatics on the campus, as well as a member of Alpha Sigma Xi Fraternity. Loraine Davidson, Dumas senior, is a home economics major and has been a member of the Home Ec Club in her years here.

Canyon junior Ann Crawford have been active in work of the Baptist Student Union and as a member of Mary E. Hudspeth Honor Society. Joyce Hill, senior from Canyon, is president of the Wesley Foundation and an English major.

Kenneth Laycock, Shamrock senior, is vice-president of the Student Association this year and a history major. Jean McManigal, Happy senior, is president of Alpha Chi Honor Society and an education major. She has also been president of Cousins Hall.

Martin McMurray, junior from Washington, D. C., is a geography and education major, and is at present member of Alpha Chi. He was president of Mary E. Hudspeth last year. Alice Morgan, Canadian junior, is a Spanish and English major. Homer Paul, Canyon senior, is a business administration major.

Edith Morrow, Pampa senior, is editor of Le Mirror, president of Delta Zeta Chi Sorority, and member of Mu Kappa Delta, Journalism fraternity, and Alpha Chi. Mary Eileen Phillips, senior from Shamrock and education major, is a member of Alpha Chi.

Frank Stallings, Pampa senior, is editor of The Prairie, president of

Mu Kappa Delta, and a member of Alpha Phi Omega, national service fraternity, and Alpha Sigma Xi Fraternity. He is an English major. Al Stevens, junior from Canyon, is active in speech department work and is president of Buffalo Masquers this year. He has also been a member of Interclub Council.

Harold Dean Southworth, Friona junior, is president of Student Christian Association. Physics and math are his majors. Frances Lynn Townes, Amarillo senior, has been active in speech and dramatics work. She is a member of Pi Omega Sorority, president of Alpha Psi Omega, dramatics fraternity, and a speech major.

Don Tucker, junior from Throckmorton, is president of the junior class. He is a member of T-Club and the Buffalo football team. Martha Williams, Bovina junior, is majoring in music.

Boyd Orr, British scientist: "The question today is whether we can get all nations to apply science to peaceful ends."

Eagles Rap Hereford Whitefaces, 12-6, Tackle Rangers Next Friday

Squad Scores Touchdowns First and Third Periods

The Perryton Rangers are next on the Canyon Eagles' football agenda. The game will be played at Perryton, Friday, November 11. The Eagles will be out to avenge the 19-6 defeat handed them by the Rangers in 1948.

The alert Eagles won a well-earned victory over the Hereford Whitefaces at Buffalo Stadium, Friday night. Garland Butler, quarterback, completed eight out of thirteen passes, two of them going for touchdowns. The first one was a twenty-yard flit to Joe Abbott in the opening minutes of the contest. The other came at the end of the third quarter when Landon Barrett snaggled a pass on a play good for 15 yards. It gave the Eagles a 12-0 advantage.

Hereford's score came in the final period when Jack Stanton passed to Alex Behrester for the T.D.

Harrell Black intercepted one of Stanton's passes on the Eagle six and raced 62 yards before being hauled down.

Abbott's sharp punting also played a big part in Canyon's triumph.

The Whitefaces almost pulled the game out of the fire when a fourth down pass from Stanton to Bill Kelly lacked only inches of being a first down on the Canyon 23. The ball went over on downs and the Eagles held it the remainder of the game. The final score was 12-6 in favor of Canyon.

Outstanding linemen for the Eagles were Leo Erwin, tackle; Bruce Winn, end; Norris Root, guard; Bill Hall, guard.

WHAT IS YOUR HEAD SIZE?

John was elected president of his class, after a group of his friends got together and nominated him. John had never had many honors or been very popular. Of course he was liked. He thought, "I guess I'm not so bad after all," and he felt so proud of himself his head size increased considerably.

The end of the year came, then John's term was up. He ran for president again, but another classmate won unanimously. "Wonder why?" Suppose he got to feeling as if he were a little better than anyone else?

Are there any Johns in our school? In making schools there would be better students if the popular ones wouldn't be like John and would hold their popularity longer. Are we that way?

South American Missionary Speaks In Assembly Friday

James C. Madden, missionary from Columbia, South America, will speak in an assembly Friday, November 11, "Our Latin American Neighbors" will be his subject.

A very complete display of various types of crafts from many South American lands is to be on the stage and will be left during the noon hour in order that interested persons may view it more closely and make purchases of any article desired. Prices will range from a few cents to several dollars.

There will be no charge for admission. Persons of any interest in the subject are welcome to attend the lecture and see the exhibit during the noon hour.

Jack Bolton, author of "China Shakes the World," "The Communists took power by making love to the people of China."

The senior and sophomore classes of Canyon High School wish to thank the merchants of Canyon who generously donated to the Hallowe'en Carnival.

Grade Notes

A new pupil, Chester Allen from the Demonstration School at W.T., has been added to Mrs. Black's first grade. Paye Davis has been absent since her tonsilectomy last Wednesday.

An Indian exhibit is the result of a study of Indian designs and habits in Mrs. Roscoe Davis's second grade. The children brought Indian pottery, dolls, war bonnets, canoes, and bows and arrows. For added decoration they also drew pictures of Indian teepees.

Leta Jane Webb from Tulia is a new pupil in this room.

Mrs. Bailey McCormick, Mrs. J. O. Parker and Mrs. E. M. Meyers, room mothers for Mrs. A. K. Goodman's third grade, gave a tea Friday afternoon for the other mothers.

The table was decorated with a fall centerpiece. Plans for the year were discussed.

"I think that I shall never see, a poem lovely as a tree"—so thinks Mrs. Cousin's fourth grade. They have been studying leaves and the different kinds of trees to be found in Canyon. Twenty-one different species have been pressed and mounted and will later be put into a class booklet with stories written by the children about each one.

A new unit covering the Amazon River and Brazil has been started in Mrs. Brasher's fourth grade.

Wynona Yarbrough has returned to school after her stay in the hospital, and several other children are also back after a short illness.

Mrs. Jones' fifth grade reading group is having a play ending their study of Roman and Greek myths.

J-J has elected its host and hostess, who are Jeanie Chambers and Carroll Lee McCarter.

Barbara Brummett is a new student in Mrs. Walsh's fifth grade. Charles Stone was sent home Wednesday due to illness and has been out of school ever since.

The entire fifth grade wishes to thank M. E. Moses for the gifts contributed to the fish pond at the Hallowe'en Carnival. A total of \$24.40 was taken in on this booth.

Mrs. Iverson, who has charge of the library, reports that after keeping an account of the library book circulation, she found that 854 books were kept circulating all the time.

LOUD-SPEAKER CRIMES

Members of the CHS band had a party after the ball game Friday night. They danced, played ping-pong in the school cafeteria and dined in the high school gym. Refreshments of sandwiches and pop were served to the group by the following band parents: Mr. and Mrs. W. M. Thompson, Mr. and Mrs. Walter Jennings, Jr., Mrs. Walter Graham, Mr. and Mrs. A. B. Hill, Mr. and Mrs. Floyd Thomas, and Mrs. Cecil Rooley.

Dana Lee Rice impersonated Al Jolson Friday afternoon for Mrs. Tommy Meniford's speech class at the West Texas Training School. During the impersonation she played the following records: "My Blushing Rose," "I'm Sitting on Top of the World," "California, Here I Come," "April Showers" and "Mama."

Dana is going back to present an entire assembly program for the combined grade and high school at W.T. in the near future.

Second row: Betty Ross Craig, Joe Dickerson, Mary Sue Bolton, Tommy Middleton, Peggy Bonds, Richmond Payne, Queen McReynolds, Harrell Slack, Nora Dell Ruthard, Teddy Lowe and Len McKay.

FHA Girls Hold Formal Service

A formal initiation service highlighted the Canyon High F.H.A. chapter's observance of F.H.A. week which was October 30 through November 5. This week was set aside by the late Governor Beauford Jester as a tribute to the organization.

The week started by approximately 35 members attending the Methodist church together.

A business meeting was held before the initiation Thursday evening. Merle Bullard, president of the chapter, presided. The various committees appointed for the year were recognized, and Mary Hill, vice president presented the yearbook. This year's yearbook cover is white with the red and white F.H.A. emblem in the center. An outstanding program based on the eight purposes of F.H.A. will be presented this year. The annual sweetheart banquet will be the main features of the year.

Donna Erwin gave some important facts concerning F.H.A. to conclude the business meeting.

The candlelight ceremony was opened by the officers singing the F.H.A. Prayer, then each officer lighted one of the eight candles as they repeated the purpose for which the candles stood.

Red roses centered the speakers table which was covered with a white cloth.

The candidates for membership were given small white candles which were lighted by Melva Martin, secretary, and Betty Graham, treasurer. The F.H.A. creed was then recited by the officers and new members.

The ceremony was closed with all members singing the F.H.A. song. Following the initiation, a reception for the mothers and new members was held in the homemaking department.

A lace tablecloth covered the refreshment table. The centerpiece was an arrangement of miniature chrysanthemums flanked on either side by white tapers. Small white cookies decorated with a red rosebud and butterball cookies were served with Russian tea. About 35 mothers and 45 members were present.

The money-making project for the week were selling hotdogs at the football game Friday night and having a "Hobo Day" Saturday. About \$20.54 was taken in by the "Hobo Day."

"We certainly appreciate the cooperation shown the F.H.A. by the homemakers of Canyon," states Mrs. Perry Bell, advisor.

ed by Richmond Stiles over the KAMQ radio program in Amarillo last Saturday morning at 11-40 o'clock. They were: Bruce Winn, Travis Payne, Duane Steward, and Leo Erwin. Bruce and Travis told of their trip to the annual convention in Kansas City. Each boy discussed his individual program for the year. The group told about different phases of the chapter work, and the chapter as a whole.

CHS students received proofs of annual pictures last Tuesday in class meeting. They were requested to select the pose they desired to go in the annual and return all proofs by the next day.

Pat Brinkley came to the high school building to receive the proofs on Wednesday. He made remarks for those desiring them Saturday.

The pictures of classes are being rushed for mounting in order that the annual staff may meet the first deadline of December 15, when 30 pages are due at Stock and Company publishers.

Wanderlust Trips Canyon Teachers

If you see Mrs. Perry H. Bell walking down the hall with that far-away look in her eyes, then you'll know that she's thinking of the wonderful times she and her husband had this summer in Colorado. Among the places that they visited were: Rocky Mountain National Park, Estes Park, Royal Gorge, Pikes Peak, Denver and Colorado Springs. As Mrs. Bell said, "We only saw enough to make us want to go back."

Actually the most important event of the summer for Mrs. Bell was the fact that she received her Masters degree. She attended Tech for six weeks and finished her thesis which concerns enrollment in home-making classes.

Did you know that we have a professional football player on our faculty? Well, we do! Mr. Lloyd Johnson played pro-ball with the Pittsburgh Steelers from the first of August until the last of September. Boy! That's what I call the ideal way to spend the summer.

Miss Loyce Elliott had the pleasure of taking a course in organ at Oklahoma City University this summer under Dean Clarence Burg. What time she wasn't tucking the ivory she was traveling through Kansas, Oklahoma and Arkansas or resting at her home in LeFlore.

There's nothing like the thrill of following the harvest, which is just what Mr. Jim Scott did during the summer months. This exhilarating experience took him into Colorado, Kansas and Oklahoma. During the latter part of the summer he worked in Tulia.

Mrs. Rilla Simms's summer was spent attending school at West Texas State where she took courses in Browning, Shakespeare, and the history of drama. She has also started work on her thesis, which is the Poet Laureates of the States of the United States. A trip to Rushmore concluded her summer.

The state FFA convention at Dallas and the state vocational agriculture teachers convention, also at Dallas, along with working with his Ag boys here in Canyon, kept Mr. Thomas L. Devin busier than a bee during the summer. Where he found the time I'll never know, but many a hard-working hour was put in on his farm near Tulia. He took a short breather by visiting in Albuquerque.

Mrs. Nora E. Gilmore studied hard as every thing on graduate courses at West Texas State College this summer. She also took a short, weekend trip to Eagles Nest New Mexico.

Mrs. Lillian Graham was conserving her strength for coaching the girls basketball team this year by working in the Graham grocery this summer.

James Miller, Jr. Injured In Hereford Football Game

James E. Miller, Jr., son of J. E. Miller, principal and Mrs. Miller, was rather seriously injured in last week's football game with Hereford. He was tackled hard and his head struck the ground causing extreme pressure on one lobe of his brain. He has been in a dazed condition since the game. Unable as to eat or sleep. Medical attention was given him, but he has failed to respond to treatment.

Doctors of Canyon Hospital met in consultation Monday afternoon to decide further treatment.

Fees of the Braintrust plan in Congress secured a little-noticed measure in which they succeeded in taking away from the Secretary of Agriculture the power he already had to make direct subsidy payments to farmers. The provision for such payments, included in the House-Kilgore Act of 1948, was deleted in the new farm legislation.

There is a pleasure which is born of pain.—E. R. Rutherford-Lott.

'Makin' Whoopee' Is Seniors Diversion

"Makin' Whoopee" is just a mild description of the seniors' Dogpatch party Monday night. Festivities were livened considerably by Kickapoo Joy juice, a solution composed of dirty socks, apple cores, bones, panther milk, and cactus juice.

All members of the class attended the party as the character they represented in Lil' Abner comic strip. Among them, Shirley Dixon as Daisy Mae and Norris Root as Lil' Abner.

Dancing, dominoes, and cards formed the entertainment, (with a little roughhouse on the side of course.)

The party was held in the cafeteria where there was plenty of room to cut capers and just act "Dogpatchy" in general.

CHS Students Begin Learning How to Re-act in Fire Drills

Is it really a fire this time? This question went through many of the student's minds at CHS Friday, when the first fire drill of the year was held; however, J. E. Miller, principal, had said we might have one.

Doors on the first floor and some of the fire escapes were closed for the obstructive drill. Many of the students went to the closed doors, but they had to return to the main floor, from there they went through the front doors. Fire captains and monitors have been selected by teachers of each class.

A few mistakes the pupils made according to Mr. Miller were: they talked too much in line, some of the captains took the longest way from the building and few students ran.

Mr. Miller promises weekly fire drills this year, and warns students to be on the alert.

The high minded person talks about ideals. Average people talk about events, and the lower minded people talk about people.

Pleasure and pain are the only springs of price of pain—George Pettie.

Merle Bullard, Junior Candidate Is Queen of Hallowe'en Festivities

Net Profits From Booths Top Many Year's Totals

Merle Bullard, Junior candidate, was crowned Carnival Queen of '49, Monday night, to climax the annual Hallowe'en Carnival.

Attending her were Joanna Haines, senior candidate, escorted by Mickey King; Dorothy McReynolds, sophomore candidate, escorted by Harrell Slack; Peggy Bonds, freshman candidate, escorted by Tommy Middleton; Nora Dell Ruthard, eighth grade candidate, escorted by Ted Lowe; and Ruth Ann Bolton, seventh grade candidate, escorted by Joe Dickerson.

Len McKay was trumpeter; Betty Ross Craig, drum major; and Donna Erwin, pianist for the coronation. Jancy Myers and Darlene Westfall were the flower girls, while Robert Ray Henry served as crownbearer. Roy Neal Byrd carried the queen's gift, a crystal dresser set, which is the traditional gift presented the queer from the school.

Entertainment for Queen

For her majesty's entertainment Donald McDonald presented a poem entitled "The Monkey's Wedding," a quintet composed to Glenn Prater, Joe Abbott, Clyde Root, Bruce Winn and Norris Root sang "That Lucky Old Sun," after which a tap dance number was given by Bobby and Patsy Vangergriff. Last on the agenda was Dana Lee Rice's impersonation of Al Jolson.

Jo Parker, editor of "The Eagle's Tale," was mistress of ceremonies.

The proceeds from the carnival booths amounted to \$1,059.46. The queen's booth too in \$401.21 to lead the field, while the FFA booth cleared \$32.62. The seniors came third with \$54.51, beating the juniors 95 cents.

Loud Yells Rival Claps of Thunder

An enthusiastic student body thundered the yells in unison with the cheer leaders Friday in a Pep Rally. Good school spirit was very much in evidence with every student participating in the yells.

A tremendous ovation followed Coach George Scott to the stage where he urged the student body to really get behind the team and give for it with "chatter and fire." He stressed the importance of the bearing which good backing has on the team.

E. A. Wooten, superintendent, also gave words of encouragement concerning the game with Hereford. Commendation was given by him to the band and the National Guard for the work which they have been doing.

J. E. Miller, principal, advised the school to be as nice as possible to the people from Hereford and at the same time try to beat them on the football field. Mr. Miller gave announcements concerning the following contests: Quiz Kids Contest, Poster Contest, and Public Speaking Contest, after which he urged the students to go to their first period classrooms when the 8-30 bell rings, and stated that students would not be excused from school without written permits from parents.

WEST SIDE CLUB HEARS YEARLY REPORTS OCT. 19

The West Side Home Demonstration Club met with Mrs. J. J. Wright on October 19.

Mrs. Ray Metcalf, president, called the meeting to order and "My Daily Creed" was repeated.

Yearly reports were given from the following committees: finance, exhibit, yearbook, achievement, marketing and recreation.

New officers elected for the year were Mrs. Ray Metcalf, president; Mrs. Jim Carter, vice-president; Mrs. J. D. Pruett, secretary and treasurer; Mrs. Harley Burrus, council representative; Mrs. J. B. Hagar, reporter; Mrs. R. A. Burrus, landscape demonstrator; and Mrs. J. T. Brown, family life demonstrator.

After election of the officers the program was given by Mrs. Lewis

Tucek and Mrs. J. D. Pruett. Mrs. Tucek's topic was "Polio and Science" and Mrs. Pruett spoke on "Sinus."

The November 2 meeting of the West Side Home Demonstration Club was held at the home of Mrs. Harley Burrus, featured a four demonstration by Mrs. Burrus in which she showed her pantry and her lovely new home.

Roll Call was answered by each member telling about a Christmas gift that could come from the pantry.

Miss Lou Ella Patterson gave some recipes for Christmas candies and passed out samples of Aunt Bill's Brown candy. She also showed and told how lollipops could be made. Cake decorating was given by Mrs. Lewis Tucek and Mrs. Ed Bourn who attended a demonstration given by

two decorators from the Bon-Ton Bakers.

Mrs. Nichols joined the club. The next meeting will be with Mrs. S. J. Burrus and Mrs. J. B. Hagar will be co-hostesses on November 16.

PARK CLUB HAS FOODS ACHIEVEMENT PROGRAM

Mrs. G. W. Prater, foods demonstrator, was hostess to the Park Home Demonstration Club for its Foods Achievement Program on November 3.

Mrs. Prater gave the story of her year's work and a total of all the cooperator's reports of food preservation. Several games were played for entertainment, and Miss Lou Ella Patterson gave a demonstration on making Christmas candies.

Refreshments were served to guests Miss Margaret Raymond, Mrs. Ralph Ruthardt, Mrs. Wayland Angel, Mrs. B. E. McCormick, Miss Patterson, Mrs. A. D. Prater, Mrs. L. Reed, Mrs. E. Campsy, Mrs. R. ARMISTICE DAY

Brings Back Memories

A TRIBUTE TO THEIR COURAGE!

On this Armistice Day, 1949, the nation once again pauses to pay homage to those gallant soldiers of '17 and '18 who fought and died to make this world safe for democracy! This year let us strive with earnest effort to maintain the Peace that is ours... let us hold high the ideals and principles of a democratic way of life for which these brave men sacrificed their lives! Let Peace on Earth and Good Will toward Men be our motto and let us forever keep the faith of those we honor on this Armistice Day!

Canyon Is a Good Place in Which To Live

Oren Beall, 65-year-old citizen of Canyon, a pioneer of Floyd County's early days, admits he is a strong follower of Dr. J. A. Hill's column in The Amarillo Times and Clyde Warwick's Canyon News. "I read both of them religiously," he admits. But Mr. Beall, now living quietly in a rooming house, can recall the rough and ready days in the '90's when he drove freight wagons from Floyd County to Amarillo. He came to the high plains when a lad of seven.

The Southwest Plainsman, farm and ranch supplement to the Amarillo Times, recently featured a Canyon citizen, Oren Beall.

Oren Beall, 65 years old, is a pioneer of Floyd county but has lived in Canyon since 1943. He came to the Plains country when he was seven years old.

"I thought it was the most beautiful country in the world," Beall recalls. He was talking about the bright morning in May of 1891 when as a lad of seven, he first saw the high plains of Floyd county.

"My parents had come all the way from Throckmorton county and drove up the caprock on my birthday. It had been a dreary winter back in Throckmorton county where the mesquite trees had been so that spring in putting out green leaves. It had rained on the plains, so, when we got to the top of the Cap and saw the lakes filled with water and the grass green and lush, I thought it was the most beautiful country in the world."

And he still believes the high plains of Northwest Texas is the most beautiful.

"Years later, I spent 11 years in Montana as a cowboy and have traveled all over the western half of the United States, living for a while in the mountains of Colorado, but these Plains are still my favorite land."

Oren Beall's father, T. F. Beall, homesteaded 160 acres about five miles southwest of Lockney in those early '90's. He attended a rural school in the community. Later on, he walked five miles back and forth to Lockney to attend school there.

"We lived in a dugout the first few years," he recalls. "We had two rooms in it, in an L-shape, with a flap over the entrance. We bought some oxen. We used the oxen to

have used it all these years."

Mr. Beall went back to Floyd county and resided at Lockney until 1943 when he moved to Canyon to make his home. He has a daughter, Mrs. Lura Burson, living in Plainview with her husband and their two children. A son, David Burke Beall, is a senior in high school at Plainview this year. Another daughter, Mrs. Bennie Jean Wigon, lives in Chicago with her husband and baby daughter.

"I do a lot of reading these days," explained Mr. Beall. "I like to read Dr. J. A. Hill's 'Hill-Top Views' in The Times and I like to read Clyde Warwick's editorials in the Canyon News."

Oren Beall suffered a knee injury one time when cutting ice in a stream in winter time in Colorado. The old injury is still there and he uses a walking cane to get about.

"But I am still a young man," he added whimsically.

WARREN'S

Bufs Won First Conference Game Saturday Night From Flagstaff Jacks

The strong West Texas State Buffaloes took complete control of the football game at Flagstaff Saturday night, taking a 47-6 Border Conference victory over the Lumberjacks of Arizona State College at Flagstaff.

The Buffs leading 34-0 at the end of the first period were never in doubt of a victory. The half time score was 41-0. After holding Arizona State on downs in the opening quarter, Charles Wright, tailback for the Buffs, sliced off his own left tackle and rambled 69 yards for the first West Texas score with less than two minutes of playing time gone.

The second score was on a quick opening play on the West Texas 36-yard line, with fullback, Tom Airhart, lugging the leather all the way, galloping 64 yards to the double stripe. The next time the Buffs got their hands on the ball after holding the Jacks to minimum gains, Joe Ogden and Jimmie Draper advanced the ball to the one where quarterback Junior Melton took it over for another six points.

A roughing penalty advanced the ball to the three-yard line from there they scored again. Gene Mayfield, quarterback, slipped around his own right end from 10 yards out for the score.

A fumble set up the next West Texas score on the Arizona State 29. Successive carries by Bill Cross moved them to the 18. Big Tom Airhart then raked the left side to go over standing up and ending the first quarter 34-0.

Junior Melton, Buff point-after expert, placed 5 kicks through the uprights out of the 7 attempted.

the second period, Wayne Sullivan, Buff fullback, plunged over center from the one for the only score in that period. The touchdown play was set up by a penalty which put the ball on the Lumberjack 23. E. C. Seifert, right half, went to the 16 and then Sullivan moved it to the one scoring on the next try.

Good Health Is a Vital Part of the School Year Work

The schools of Texas have been in session for several weeks. The routine screening tests by teachers and nurses, or the physical examinations of the children by physicians have been completed. They are complete so far as the nurse, teacher, or physician is concerned, but the "follow-up" to correct any abnormal conditions disclosed is yet to be done. To make these screening tests and the follow-up examinations of the greatest value, the needed care for correction of defects should be available. This is the responsibility of the parents of each child in order that a maximum of health may be his lot, declared Dr. Geo. W. Cox, State Health Officer.

Health is a cardinal attribute of living. With the best health a child may have, he will do his best work, will have joy in play, and will grow to be the most efficient citizen he is capable of being. The future of our country is in the hands of these children who are now in school.

All adults as well as the parents of the school age children should feel the responsibility and privilege of sharing in a sound and safe future for our country by helping to build good health for the children of today.

Through the check made each year in the schools the gross defects may be learned, and a more detailed examination may be made by the family physician, with treatment for correction of these defects as he finds necessary.

Immunization against the diseases, for which known protection is available, should be given all children unless their physician finds contraindication.

Your physician is your best friend and guardian of your health.

District Court,
Randall County, Texas.

In the second half, the Lumberjacks played West Texas on almost even terms. The Buffaloes scored their only touchdown early in the third quarter, the Jacks counting their lone score midway through the final period.

The Buffalo score came when Don Patterson, center, intercepted a log-ger pass on the Flagstaff 20 and returned it to the 15. Melton hit end John Spann with a pass on the one. Airhart crashed over center for his third score of the game.

On the first play of the final quarter, Milton Evans intercepted a pass in the Lumberjack end zone and ran it up to the 6. A long sustained drive followed with the Arizona Staters going all the way to the Buff 17 before their attack bogged down.

Cisterna recovered a fumble on the first West Texas running play on the Texans 26 yard line. Three passes by Dub Bryan, Lumberjack quarterback fell incomplete. Then Cisterna dropped back on a fake field goal try and for an attempted pass. Unable to find a receiver he went around his own left and weaved down the sidelines to the four-yard mark.

Successive carries by Clay Spivey and Evans moved the ball to the 6 inch line. Bryan took the ball over on a quarterback sneak.

Cisterna's attempted place kick was wide.

Bufs Play Last Home Game With H-S U. Saturday

Collegiate gridiron fans of the Panhandle will flock to Canyon Saturday afternoon where an expected capacity crowd is expected to witness the important Border Conference struggle between West Texas State's Buffaloes and the always powerful Hardin-Simmons Cowboys.

Gaining power as the season progresses and displaying a running and passing attack that can explode into touchdowns at any moment, the West Texans are expected to give the heralded Cowpokes more than a little bit of trouble.

It has been 26 years since a Buffalo team has come out victorious over a Hardin-Simmons eleven. Panhandle fans are saying that a jinx cannot last forever and that this may be the year.

Hopes for a victory will rest greatly on the passing of Gene Mayfield, Quittaque quarterback. Gene is presently leading the Border Conference in total offense having peeled off better than 800 yards this season.

Also expected to give great accounts of themselves are backs Bill Cross, Canadian; Charles Wright and Tom Airhart, Canyon; Jimmie Draper, Spur; Wayne Sullivan, Phillips and Frank Wise, Coleman.

Chief problem for the Buffs will be in stopping the running antics of Wilton "Hook" Davis, celebrated Poke back and the passing wizardry of Glen Ford, quarterback.

Fans desiring tickets for the game can write or call Clark Jarnagin at the College Book Store.

A Nazi underground organization is suspected of putting pressure on the West German Government to go back to the anti-semitic and nationalistic programs of the Hitler regime. German police have intercepted more than 4,000 propaganda letters aimed at the new Government. They are convinced the letters come from a well-organized group.

Americans in Paris find the average Frenchman not only calm but uninterested in the political merry-go-round in France. To Americans' astonishment, few Frenchmen seem to care who the new Premier is, or how long he will stay in office.

James Phinney Baxter, President Williams College: "Once war comes, the chances are that any weapon will be used if it promises sufficient advantage."
